## AFFAIRS IN BROOKLYN.

BRIDGE ACCOUNTS FOUND CORRECT. THE LONG EXAMINATION FAILS TO DISCLOSE AN ERROR.

Mayor Chapin neglected his last opportunity to atnd a meeting of the Bridge Trustees yesterday when the December meeting was held. At the next meeting his seat will be taken by Mayor-elect Boody. Mayor Grant was also absent. A sub-committee reported ainst the payment of an assessment for a sewer ongside Bridge property in New York, on the basis of the counsel of the trustees, who held that an assessment is a tax, and as the Bridge is not subject to taxes, assessments should not be laid against its property. This was adopted.

The New-York Commi sioners of Accounts, who have had expert accountants at work on the Bridge books since the first of July, presented their report through Controller Myers. The report covers the period from December 1, 1884, the date when the last previous examination ended, to July 1, 1891. The books were found to be correct, and to be kept in the most thorough and systematic manner in all details. The balence on hand when the examination began was \$129,-187 64, the receipts \$6,600,823 292 making a total of \$6,729,930 93. The expenditures were \$6,454,607 05, and the balance on July 1, 1891, was \$275,323 88. It was recommended that the treasurer have power to require bonds from all subordinates in confidential relations to him, and also have the power to suspend, subject to approval by the trustees. Attention was also called to the possibility of peculations by the collectors on the carriage-ways who were authorized money in tickets for fares. It was recom-

to receive money in tickets for fares. It was recommended that ticket-sellers for the carriage-ways be appointed, and fares be paid by ticket only. The report was accepted, and the recommendations will be made a special order at the next montally meeting. The reports for November showed a cash balance at the first of the month of \$343,844 78, receipts of \$100,633 68 from tolls, and \$15,574 99 from rents and interest. There were 3,429,686 railroad passengers.

## A BIG DOG CAUGHT THE THIEF. HUNDREDS SAW THE CHASE AND CHEERED THE

ANIMAL.

A sneak thief was captured yesterday afternoon in Broadway by a large Newfoundland dog after a most exciting chase. Several hundred people witnessed the capture and cheered lustily. While the man and dog were struggling in the street together, Roundsman Holohan, of the Sixteenth Precinct, came up and took the prisoner into custody. Then the dog released his hold on the tail of the man's cont and ran peacefully The weene of the struggle was at Broadway and t

East River. At the police station the prisoner de-scribed himself as William Black, twenty-five years old, of No. 45 Cross-st., Boston, Mass. He was well dressed and said he was a salesman. When searched a pair of opera-glasses, two breast

pins, a box of designer's tools, a new pair of kid gloves, two silk handkerchiefs, a memorandum book and a loaded revolver were found on his person. Later the police learned that the articles belonged to Mrs. May Garcia, of No. 69 South Tenth-st. Mrs. Garcia had seen a man in the hallway of the basement floor, but he quickly escaped. "Charke," the dog, whose owner is Frank Osborn, a neighbor, was in the areaway at the time. He was a frequent visitor at the Garcia home and much petted. Mrs. Garcia called to the dog to capture the thief. He readily understood the request and started after his man. The thief had not gone many yards when Charlie had him by the tall of his cont. He succeeded in tossing the animal off, and again started to run. The dog quickly followed, and man and dog fought as far as Broadway and Wythe-ave. By this time several hundred people had been attracted by the scene. The man again freed himself and ran to the street, where he atfreed himself and ran to the street, where he attempted to Jump on the back of one of the Williamsburg News Company's wagons. The dog, watching
his movements, again had him by the cont tail.
Black found it impossible to retain his hold on the
back of the wagon, and tried to ran down Brondway.
He managed to fight the dog off until the ferry was
reached, when the beast again selzed him by the
clothing. He could not be shaken off, and while
struggling with the animal the officer arrived.

## NELSON'S DEFENCE INSANTIY.

HE HAD TRIED TO KILL A BOY ONCE AND MANY OF HIS RELATIVES WERE CRAZY.

defence of Henderson L. Nelson, the private lattery A, 1st Artillery, who is on trial for his life in the United States Court, charged with the murder of his fellow, Private McLean, at Fort Hamilton, on May 24 last, was begun yesterday. The case for Nelson was opened by Congressman Ellis, of Ken-tucky, who devoted himself to showing that the whole Nelson family was tainted with ontal disease. He intended to show that the defendant could not possibly be convicted of a higher crime than manslaughter. The evidence went to show that Nelson did not know McLean and had no grudges to settle. As an instance of his insanity Mr. Ellis said that he slapped his dster's face once without any cause whatever. When a boy, he attempted to shoot a three-year-old child any cause. Three of his great-tunts went crazy, and he had a consin who was in years. His grandfather cut his throat. Two of his cousins were confined in an insane asylum, and his sister Fanny was insane at her home in Owensboro, Nelson himself was always queer.

After Mr. Ellis had finished General Isanc S Catlin read the depositions of persons in Kentucky as to the prisoner's sanity. Ell Cox, of Owensbore, swore that he once saw Nelson throw a brick at a negro without cause, and he felt sure of his insanity. J. R. Lancaster, John H. McHenry and Dr. F. L. Hall also said that Nelson and his family showed signs of in-

J. H. Robinson, a cousin of the prisoner, and his J. H. Robinson, a coust of the prisoner, and his brother-in-law, came from Kentucky, and took the stand. He said that ten years ago, Nelson suddenly left home, and the family never heard of him until they read of the shooting in the newspapers. When he left home he had tobacco worth \$500 in a barn, which he might easily have turned into money. Instead of doing so he went away without a dollar, He seemed not to know what fear was, and could break a mule that nobody else could. The case will be summed up this morning.

MORE MONEY FOR FAITHFUL HENCHMEN. At the meeting of the Board of Aldermen yesterday it was voted to transfer \$1,800 from the unexpended balance of the Police and Excise Department to the Board of Audit, on motion of Alderman-at-Large Heanly (Dem.) He was asked to explain, and said was needed to equalize the salaries of the clerks and accountants in the Auditor's office. One clerk was receiving \$3,000, while six men, who worked hard and faithfully, only got \$1,400. He wanted them

to have \$300 a year apiece more.

Alderman Thomas said this was a job to use up all be money a department had saved, and was a fraud on taxpayers. But the Democratic majority put the wing through, the three Republicans present voting gainst it.

THE TROLLEY WINS A POINT. The General Term of the Superior Court yesterday confirmed the report of Commissioners Winslow, Marcan and Driggs, in favor of the application of the Coney Island and Brooklyn Railroad Company, for permission to operate its road by the trolley electric system from the Ocean Parkway and Coney Island ave., in Coney Island-ave., One-hundred-and-fifteenth-st, and Ninth-ave. to Ninth-st., alongside Prospect Park. The change can be made in the power as soon as the consent of the State Board of Railroad Commissioners is secured, which was practically promised as soon as the favorable action of the Commissioners was obtained. The property of persons opposed to the trolley, in Ninth-ave., has been purchased by the

The Railroad Committee of the Board of Aldermer failed to report yesterday in regard to the application of the four principal street-car companies to secure permission to use the trolley. The committee is said to be divided; some members favor granting all the applications, and others favor introducing the trolley by degrees.

THREE OF DR. PARKER'S VESTRYMEN RESIGN Three of the members of the vestry of the Church of the Redeemer, at Pacific-st, and Fourth-ave., have resigned, and their action is attributed to dissatis faction over the recall of the Rev. Dr. Stevens Parker. who, at the request of over two-thirds of the congregation, has agreed to continue his work in the church They are Messrs. Adriance, Eynon and Conklin. It is sold that Mr. Adriance became dissatisfied some time to because Dr. Parker declined to allow an enter ment to be held at the church for which an ad don fee was to be charged. The majority memberof the vestry say that the withdrawal of these three men will in no way affect the prosperity of the church The resigning vestrymen decline to discuss their differ-ences with the majority of the congregation.

If his story is to be believed, the nations of the earth are playing battledore and shuttlecock with him. He said that he was a farmer near Kief, in Russia, and had inherited his farm from his father. The Russian Government confiscated the farm and ordered him out of the country. He went to Germany with his family and the German authorities forced him to leave that country. He had just enough money to pay the fare of himself and his family to this country, and as he was destitute when he arrived at the Barge Office he was not allowed to be formally landed. He says he has a sister in Philadelphia, whom he is anxious to reach.
